**PROMEDIO PONDERADO ACUMULADO (PPA)**

El Promedio Ponderado Acumulado se calcula multiplicando las notas finales de los cursos inscritos, por el número de créditos que otorga cada curso. La suma de los productos obtenidos, se divide por el número total de créditos inscritos.

**DEFINICIÓN DE CREDITO**

"El crédito es la expresión cuantitativa del trabajo académico efectuado por el alumno y equivale a una hora semanal de trabajo promedio durante un periodo académico".

## Pontificia Universidad Católica de Chile

### Transcript Information

The University was founded on June 21, 1888.

#### Accreditations and Equivalencies

Pontificia Universidad Católica de Chile is an accredited member of the Comisión Nacional de Acreditación (CNAP). College accreditations include: American Assembly of Collegiate Schools of Business (AACSB) in US and EFMD (EQUIS, European Quality Improvement System) in Europe - School of Management; Accrediting Council on Education in Journalism and Mass Communication – School of Journalism; Royal Institute of British Architecture - School of Architecture; Association of American Medical College (AAMC) concluded that "if the School of Medicine were in the AAMC's jurisdiction it would qualify for provisional accreditation". The Accreditation Board for Engineering and Technology (ABET) evaluated five engineering programs as substantially equivalent to accredited engineering programs in the United States – School of Engineering.

#### Academic Calendar

The University operates on a semester system. The calendar consists of two semesters during the academic year and summer sessions of varying lengths.

#### UC Confers the following Degrees

Bachillerato (equivalent to an associate degree in the US), licentiate (or bachelors in the US), masters and doctorate degrees. All professional and academic undergraduate degrees require eight to twelve semesters of study (except the Bachillerato Degree which lasts 2 years, and Medicine which requires 7 years).

#### Release of Information

In accordance with rules of the University this information is released on the condition that no other party will be permitted access to this information without the written consent of the student.

#### UC Credit System

One credit: one hour of work per week. This includes both contact hours and individual work, during 18 weeks (one semester). A full time student is expected to accumulate 50 credits per semester, usually 5 courses of 10 credits each (4,5 contact hours a week +5,5 hours of individual work per week). The total is 900 hours per semester. 50 UC credits is equivalent to 30 SCT - Chile credits (Credit Transfer Chilean System).

#### Grading System

Includes grades awarded by all schools/divisions of the University. The grading system is based on a seven grade scale (point grade 7.00 – 1.00). The following numerical transcription is established: 7.00 is unanimously pass with honors, the minimum passing grade is 4.00, and 1.00 is unanimously fail.

#### Grade Conversion Guide

UC	US	ECTS
7.00 to 6.75	A+	A (Excellent)
6.74 to 6.25	A	
6.24 to 6.00	A-	
5.99 to 5.75	B+	B (Very Good)

4.24 to 4.00	C-	E (Sufficient)
3.99 to 1.00	F	FX Fail) / F (Fail)

(\*) **Relative Position ( Rel. Pos.):** Shows the relative position of the grade awarded in each course. The first number indicates the position and the second indicates the total students of the course.

#### Non-numeric Codes

CR_MIN	Core credits	D (Distinguished)
CR_OPT	Elective credits	A (Passed)
CR_OFG	General Education credits	R (Failed)
CR_CONV	Transfer credits	C (Transfer credits)
		P/I (Work in progress; final grade to be assigned upon completion of entire course)

#### Grade Point Average Calculations

GPA's are calculated according to the following formula:

Semester GPA: credits multiplied by final grade, divided by total credits

Cumulative GPA: total credits multiplied by total final grade, divided by total credits

#### Course Prefixes

The alpha character preceding the course number designates the division of the University that offers the course.
